

Customer FAQ: Select Home Cleaning

Welcome! This is your go-to guide to feel prepared, supported, and confident every time you book with Select Home Cleaning.

Before Your Clean

What do I need to do before my cleaner arrives?

- Fill out your Access Instructions in the app.
- Enter your Pet Information (if relevant).

No need to *“clean before the cleaners come,”* but remember: our services are hourly. If we need to move lots of items, it can affect how much time we have for the actual job.

Biggest prep? Your expectations! Get ready to be impressed.

Equipment & Supplies

Will cleaners bring their own supplies?

That's up to you!

Prefer we use your vacuum and favorite products?

Just leave them out.

Want us to handle everything?

For \$10/hour extra, we'll bring all supplies so you don't have to think twice.

Services & Add-Ons

What services do you provide? Can I request extras?

We cover nearly everything within a home: cleaning, laundry folding, light organizing, and more.

Safety Limitations:

- We can't move furniture over 50lbs.
- We don't climb higher than a 3-step ladder (we use extension poles instead)

Tasks needing special equipment (like upholstery or spot cleaning) require a separate work order.

During Your Clean

Do I need to stay home during the clean?

Your call! Some clients prefer to stay; others step out. We're good either way.

Can my pets be home while cleaning takes place?

Absolutely. As long as pets are safe and comfortable, we're happy to have them around.
